

Natural gas Deliveries you can count on

We focus on building trusting relationships by providing quality products, a safe, reliable supply and responding to your needs quickly and respectfully.

Safety-first culture

- **Our commitment** – Our team is dedicated to the safety of our customers, our employees, and communities we serve. We use industry-leading practices to ensure that you consistently have safe, diverse, reliable supply.

The products you need

- **Quality products** – The cleanest of the fossil fuels, natural gas is primarily made up of methane, which means less pollution for the environment. We can help reduce fuel costs, carbon footprint and your maintenance bills.
- **Product diversity** – When your energy needs change, we have the flexibility to change with you. With propane, furnace oil and natural gas, our diverse product offerings ensure you always have the products you need. Let us guide you through the fuel conversion process.

A team on your side

- **Customer focus** – Our commitment to you is a part of who we are as a company. Since 1924, customer focus has been one of our guiding principles.
- **People you trust** – Our responsive local team understands the market, provides technical support and is dedicated to serving you.
- **Industry leader** – We compress and load billions of cubic feet of natural gas every year from our three state-of-the-art facilities. As the region's largest supplier of natural gas, our fleet of trucks, trailers and drivers will be there when you need us, where you need us.

Three quick questions to get us started
